Experience

IT Assistant
Iowa City, IA
University of Iowa IT Services **September 2026 – Present**

- Provide technical support to students, faculty, and staff by troubleshooting hardware, software, account, and connectivity issues
- Diagnose and resolve technical problems while documenting solutions and maintaining accurate support records
- Communicate technical information clearly to users with varying levels of technical experience while delivering efficient, customer-focused service

Sales Engineer Intern
Chicago, IL
Cyera **June 2026 – August 2026**

- Developed tailored technical service plans for prospective and existing customers based on their business and technical needs
- Researched companies, their technology environments, and business challenges to support sales opportunities.
- Collaborated with sales teams to translate technical concepts into clear business value

Groundskeeper
Schaumburg, IL
Schaumburg Park District **May 2025 – August 2025**

- Dragged baseball fields, setup parks for ball games. Created a fun and safe environment for all to play sports in Olympic Park. Cut grass, landscaped and maintained the whole Olympic Park in Schaumburg to ensure up to standard for sports

Mentor and Volunteering
Hoffman Estates, IL
Comp Sci Kids **August 2021 – May 2024**

- Helped deliver extracurricular education to 300 incoming high school students, creating a fun and engaging learning environment focused on computer science. Gained valuable leadership and communication skills by presenting and facilitating group activities as part of a collaborative team
